

Contract Vehicles Bootcamp

Master IDIQs, GWACs, Qualifications & Team Building

March 28, 2026 | 9 AM - 5 PM ET

The Vehicle Opportunity

55%

of federal \$ flows through
vehicles

\$77T

active IDIQ ceiling value

2-4 wks

task order response time

**By 5 PM today, you'll know exactly which vehicles to
target**

Today's Agenda

- **Session 1:** Contract Vehicles 101 — The Big Picture
- **Session 2:** Vehicles By YOUR Industry (Real IDIQs)
- **Session 3:** Sources Sought & RFI Responses
- **Session 4:** How to Qualify + Team Assembly
- **Session 5:** Task Order Response Strategy
- **Session 6:** Getting ON vs. Working THROUGH Vehicles

What You'll Walk Away With

- | | |
|--|---|
|  Industry Vehicle Guide
40+ vehicles mapped to YOUR NAICS |  Qualification Gap Analysis
Know exactly what you need |
|  Team Assembly Playbook
Find partners, subs, consultants |  Task Order Template
Response framework |

SESSION 1

Contract Vehicles 101

The Big Picture

9:00 AM - 10:30 AM

What is a Contract Vehicle?

A pre-competed contract that allows agencies to issue task orders without full & open competition

Why Agencies Love Vehicles

-  **Speed**
Award in weeks, not months
-  **Pre-Vetted**
Contractors already qualified
-  **Compliance**
Meets acquisition requirements
-  **Pricing**
Rates already negotiated

Vehicle Types: The Big 4

Type	What It Is	Example
IDIQ	Indefinite Delivery/Indefinite Quantity	OASIS+, Alliant 2
GWAC	Government-Wide Acquisition Contract	CIO-SP3, SEWP V
BPA	Blanket Purchase Agreement	Agency-specific BPAs
FSS/MAS	Federal Supply Schedule	GSA Schedule

IDIQ vs. BPA vs. GWAC

IDIQ

- Contract with ceiling value
- Minimum guaranteed (\$)
- Task orders compete among holders

GWAC

- IDIQ usable government-wide
- Managed by specific agency
- Broader use authority

BPA: Simpler agreement, no guaranteed minimum, often agency-specific

The GSA Schedule (MAS)

- **Multiple Award Schedule** — the "big catalog"
- 5-year base + three 5-year options (20 years total)
- Any federal agency can buy directly
- Simplified ordering procedures under \$250K
- **Key:** You set your rates, but they're public

Pro Tip: GSA Schedule is often the first vehicle small businesses pursue

How Task Orders Work

- 1 Agency identifies need**
Work fits vehicle scope
- 2 Fair Opportunity**
All vehicle holders can compete
- 3 Short timeline**
2-4 weeks to respond
- 4 Award**
Best value wins the task order

Fair Opportunity Exceptions

When agencies CAN direct award without competition:

- Only one contractor can do it (unique capability)
- Urgent need — can't wait for competition
- Follow-on work to prior task order
- Order is under \$3,500 (micro-purchase)
- **Small business set-aside** on the vehicle

The \$77 TRILLION Question

\$77T

Active IDIQ ceiling value

What this means:

- Not actual spending
- Maximum possible obligated
- Agencies have buying authority
- Signals where \$ can flow

Where the Money Actually Flows

Category	Annual \$ (approx)
IT Services (54151x NAICS)	\$90B+
Professional Services (5416xx)	\$60B+
R&D (5417xx)	\$45B+
Construction (23xxxx)	\$35B+

Map Your NAICS to Vehicles

Open your scorecard. For each NAICS code your company uses:

Your Primary NAICS

e.g., 541512 - Computer Systems Design

Secondary NAICS (if any)

e.g., 541611 - Management Consulting

Vehicles that include these NAICS

We'll fill this in during Session 2

15-Minute Break

Back at 10:45 AM for Session 2

SESSION 2

Vehicles By YOUR Industry

Find the Right Vehicle for Your NAICS

10:45 AM - 12:00 PM

8 Industries, 40+ Active Vehicles

Construction

MATOC, NAVFAC, Corps IDIQs

IT Services

CIO-SP3, SEWP, T4NG, ENCORE, ITES + 100 more

Cybersecurity

CDM, ENCORE III, ACES

Professional Services

HOPSS, eFAST, SOFGSD, Site TACs + more

Healthcare

VA T4NG, CIO-SP3 SB, NIH vehicles

Logistics & Supply

DLA SPE, GSA MAS, TRANSCOM

Facilities & Maintenance

ABILITYONE, PBS-ONE, GSA C&M

Training & Education

HCaTS, GSA Training Schedule

Construction Vehicles

NAICS: 236xxx, 237xxx, 238xxx

NAVFAC MATOC

\$99M ceiling — regional zones
(NW, SW, HI)

USACE SRM MATOC

Sustainment, Restoration,
Modernization

GSA PBS-ONE

Facilities repair & alterations
nationwide

FHWA AEC IDIQ

Federal highways construction
inspection

Air Force SABER

Simplified Acquisition of Base
Engineering

Interior MATOC

Alt/repair services CONUS +
territories

 **Expiring Q2 2026:** \$13M DoD HVAC, \$245M Okinawa SRM, FHWA expires Oct 2026

IT Services Vehicles

NAICS: 541512, 541513, 541519, 518210 — **100+ vehicles exist!**

EVOLVE (State Dept)

\$10B — 48 awardees, 5 categories

PRISM (DoD/GSA)

\$1.8B — Personnel & Readiness IT

SETI (DISA)

Systems Engineering & Innovation

MAPS (Army)

\$50B — Replaces RS3 + ITES-3S

SeaPort-NxG (Navy)

\$50B — Engineering & IT services

EAGLE II (DHS)

Enterprise IT across DHS + 8 agencies

 **Every agency runs IT vehicles:** State, Army, Navy, DISA, DHS, Interior, IRS, DOE — not just GSA!

Cybersecurity Vehicles

NAICS: 541512, 541519, 541690

CDM (CISA)

Continuous Diagnostics & Mitigation

ENCORE III (DISA)

\$17.5B — enterprise IT/cyber

ACES (Army)

Army Cyber Enterprise Support

MDA SHIELD

Missile Defense Agency cyber

DHS EAGLE II

Homeland Security IT/cyber

SEWP VI (NASA)

\$60B — includes cyber products

 **Zero Trust driving \$2B+ in task orders** — CMMC 2.0 compliance required

Professional Services Vehicles

NAICS: 541611, 541612, 541618, 541990 — **Agency-specific = less competition!**

HOPSS (HHS)

\$3.6B — CDC, NIH, IHS, FDA, CMS

eFAST (FAA)

\$7.4B — 8 functional areas

SOFGSD (SOCOM)

\$10B — Special Ops mission support

Site TACs (DOE)

Technical Assistance — all field sites

IHT 2.0 (VA)

\$14B — Healthcare SDVOSB only

FHWA IDIQCs (DOT)

BLM, USFS, NPS road systems

 **Pro tip:** Agency vehicles often have fewer bidders than GSA — find your agency's IDIQ!

Healthcare Vehicles

NAICS: 621xxx, 622xxx, 623xxx, 541711 — **Beyond VA!**

VA IHT 2.0

\$14B — SDVOSB set-aside only

MHS GENESIS (DHA)

\$1.4B — Military EHR systems

TRICARE Regions

\$65B — Managed care contracts

IHS Tribal Health

Indian Health Service IDIQs

CDC CIMS

Information & analytics services

DLA Medical

\$450M — Equipment & supplies

 **DHA, IHS, CDC all run separate vehicles — less competition than VA!**

Logistics & Supply Vehicles

NAICS: 493xxx, 488xxx, 484xxx, 423xxx — **DLA is king!**

DLA Fire/Emergency

\$7B — 7 SB awardees only

DLA Troop Support

Food, clothing, medical supply

DLA Energy (Fuel)

\$2.2B — 12 awardees, 2026

TRANSCOM Surface

Freight, shipping, household goods

Army AMC LOGCAP

\$82B — Overseas logistics support

DLA Metals/Materials

\$219M — Industrial base supply

 **8,500+ suppliers now support DLA** — first increase since 2016!

Facilities & Maintenance Vehicles

NAICS: 561210, 561720, 561730, 561790 — **Every base has contracts!**

NAVFAC Facilities

Navy bases — MATOCs by region

AFCEC A-E NEXT

Air Force — expires 2026

Army IMCOM

Installation Management O&M

DLA Facility MRO

\$4.9B — ASRC/Noble awarded

State Dept Facilities

\$2.7B — Embassies worldwide

GSA PBS Regions

Federal buildings by region

 **DLA just awarded \$4.9B facilities support** — runs through 2027

Training & Education Vehicles

NAICS: 611430, 611420, 611710, 541612

HCaTS (GSA)

Training & workforce development

SOFGSD (SOCOM)

Education & training — SB set-aside

GSA Schedule 874

Professional training services

OPM HR Solutions

Federal leadership development

DoD Simulation IDIQs

Military training, LMS, simulation

DOL WIOA

Workforce Innovation grants

SOFGSD = 100% SB set-aside — 10-15 multiple awards expected

AI for Vehicle Research

4 contract vehicle tasks AI can do in minutes:

Vehicle Matching

"Which GWACs accept NAICS 541512?"

Qualification Gap Analysis

"Compare my company to OASIS+ requirements"

Prime Research

"List primes on SeaPort-NxG who sub IT work"

Timeline Tracking

"When do SEWP VI, T4NG2, MAPS solicitations close?"

Reality: AI won't win contracts for you — but it compresses research from days to minutes

AI for Qualification Analysis

Paste this into ChatGPT/Claude to analyze your fit:

```
"Here are OASIS+ SB requirements [paste Section L]. Here's my company profile: [paste]. Create a gap analysis showing: 1) Requirements I meet, 2) Gaps I need to fill, 3) Timeline to qualify."
```

```
"I have these past contracts [list]. Which vehicle solicitations currently open on SAM.gov would I qualify for? Check NAICS, set-aside status, and experience requirements."
```

⚠ Warning: Always verify vehicle status on SAM.gov — AI training data may be outdated.

AI for Finding Teaming Partners

Use this prompt to find primes who need your services:

```
"Find companies awarded OASIS+ contracts in the 8(a) pool who do IT services but NOT cybersecurity. I'm a cybersecurity firm looking to sub. List company name, location, and any public contact info."
```

Also try:

- "Who are the top 10 small business primes on SeaPort-NxG by task order count?"
- "Which SEWP V holders are headquartered in [your state]?"
- "List 8(a) STARS III holders who specialize in cloud migration"

AI for Vehicle Comparison

Decide which vehicle to pursue:

"Compare OASIS+ vs GSA MAS vs 8(a) STARS III for an IT services company. Create a table showing: qualification difficulty, time to award, competition level, average task order size, and best use case for each."

Decision framework questions:

- "Should I get on a vehicle or sub through one first?"
- "What's the ROI timeline for OASIS+ application vs GSA Schedule?"
- "Which agencies use [vehicle] most frequently?"

How to Read Vehicle Requirements

Every vehicle solicitation has the same 4 qualification areas:

Relevant Experience

Past contracts that prove you can do the work

Key Personnel

Named staff with specific credentials

Corporate Capabilities

Systems, processes, certifications

Financial Capacity

Can you fund the work before payment?

Good News: You don't need ALL of this yourself — that's what teams are for!

BREAKING NEWS

What's Happening RIGHT NOW

Real Changes Affecting Your Business

Revolutionary FAR Overhaul

The biggest change in 41 years — effective NOW

1,600+

Requirements Removed

Feb 2026

First Wave Live

June 2026

Major Shifts

Impact: 8(a) sole source now requires competition first. SBA staff cut 60%. Different agencies using different FAR versions.

⚠ 8(a) Program Changes

What Changed

- Sole source now requires competition first
- SBA offices "decimated" at agencies
- Less advocacy for set-asides
- Treasury has ZERO SB staff

What Still Works

- 8(a) STARS III vehicle alive
- OASIS+ 8(a) track awarded
- Rule of Two still exists
- 23% goal still statutory

CIO-SP4 Cancelled — Now What?

January 2026: NIH pulled the plug on the \$50B IT vehicle after 5 years of protests

CIO-SP4 Dead

5 years, hundreds of protests

CIO-SP3 Extended

Now through April 2027

Your Move

Focus on OASIS+, Alliant, SEWP

Partner Up

Sub to CIO-SP3 primes

✓ OASIS+ Small Business Wins

Hundreds of small businesses awarded — rolling on-ramp OPEN

13

Total Domains Now

6

SB Tracks Available

Jan 2026

Phase II Opened

5 New Domains Added: Business Admin, Financial, Human Capital, Marketing, Social Services — apply now!

Hot Off the Press: March 2026 Awards

Alliant 3 (GSA)

43 of 76 Phase I awards announced Mar 10. **No ceiling cap** — unlimited potential!

Polaris WOSB Pool

55 WOSB firms awarded Mar 9. Notice to Proceed issued. **Task orders open!**

EVOLVE (State Dept)

48 firms across 5 areas. **\$10B ceiling** for global IT support.

What This Means: If you're not on these vehicles, find a prime who is and sub!

SEWP VI — \$60B Vehicle Status

⚡ **March 27 Update:** 4 more protesters allowed back in. NASA let corrective action for Sudofy, Blue Obsidian, Bridges Systems, Blazar.

Protest Status

- 12 total protests filed
- 4 dismissed, 3 withdrawn
- **5 still open at GAO**
- Decisions: late May/June

What This Means

- SEWP V extended past Apr 30
- SEWP VI launch: late 2026
- GSA may take over program
- Category C still SB-only

LUNCH DEMO

Market Intelligence Tools

What if contracts came TO you?

The Problem: Information Overload

Without Automation:

- Check SAM.gov daily (30+ min)
- Miss opportunities while busy
- No alerts when deadlines change
- Manually track competitors
- React instead of anticipate

With Market Intelligence:

- Opportunities come to your inbox
- Scored by YOUR fit (0-100%)
- Deadline alerts before you miss
- Competitor win notifications
- Pursue the RIGHT opportunities

Daily Intelligence Briefing

Every morning at 9 AM, you get:

Top 10 Opportunities

Matched to YOUR NAICS codes, scored by fit

Deadline Alerts

Closing in 7 days — don't miss these

Recompete Signals

Expiring contracts in your NAICS

Competitor Wins

Who just won in your space?

 8 New Opportunities in Your NAICS

3 urgent deadlines • 2 recompetes • 1 competitor win

 **85% FIT****CLOSES APR 5****IT Support Services - DHS**

NAICS 541512 • 8(a) Set-Aside • \$12M ceiling

 **72% FIT****7 DAYS****Cybersecurity Assessment - VA**

NAICS 541512 • SDVOSB • \$4.5M

 **RECOMPETE****GHOST NOW****Network Support Recompete - Army**

Incumbent: Booz Allen • Expires Jun 2026 • \$18M

↑ This arrives in your inbox every morning at 9 AM

Weekly Deep Dive Report

Every Monday, a full analysis of your top 10 opportunities:

10 Prioritized Opportunities

Ranked by fit to your profile + urgency

Competitive Landscape

Who's bidding? Who won last time?

Key Dates Calendar

Deadlines, Q&A periods, amendments

Teaming Recommendations

Potential partners in your NAICS

Think of it as: Your personal BD analyst working overnight, every week

Your Top 3 Priority Opportunities This Week:

#1 PRIORITY

Cloud Migration Services - DOE

89%

FIT SCORE

✂ Competition: 3 likely bidders 🏆 Last Winner: SAIC (\$8M) 📅 Due: Apr 10

→ Your edge: DOE past performance + 8(a) status gives you 23% price preference

#2

IT Help Desk Support - GSA

76%

✂ 5 competitors 🏆 Recompete (CGI incumbent) 📅 Apr 15

💡 Teaming Recommendation

For Opp #1, consider teaming with **TechFlow Solutions** — they hold SEWP VI and have DOE OCIO relationships. They're actively seeking 8(a) partners.

↑ Delivered every Monday morning — your week's BD roadmap

Pursuit Brief (On-Demand)

Deep dive on ANY opportunity you're considering:

What You Get:

- Go/No-Go recommendation
- Incumbent analysis
- Pricing intelligence
- Win themes to emphasize
- 5-day action plan

Example Output:

Score: 68/100 — CONDITIONAL GO

Risk: Incumbent (Booz Allen) bidding

Edge: Your 8(a) status + local presence

Action: Contact CO by Friday

Network Infrastructure Support - Army CECOM

NAICS 541512 • 8(a) Competitive • \$24M ceiling / 5 years

68/100
CONDITIONAL GO

⚠ KEY RISK

Incumbent **Booz Allen** has held this contract since 2021. Strong customer relationship.

✅ YOUR EDGE

8(a) status + local Aberdeen presence. Your NETCOM past performance is directly relevant.

📅 5-DAY ACTION PLAN

- ✅ Day 1: Download RFP, review PWS
- ✅ Day 2: Submit questions to CO
- ✅ Day 3: Contact potential subs
- ✅ Day 4: Pricing worksheet draft
- ✅ Day 5: Go/No-Go decision meeting

💡 **RECOMMENDATION:** Pursue IF you can secure teaming partner with CECOM past performance. Without it, win probability drops to 45%.

SESSION 3

Sources Sought & RFI Responses

Get on the Radar Before the RFP

12:45 PM - 1:45 PM

Most Contractors Skip This Step

Responding to Sources Sought notices is **free intelligence** for agencies —
and free positioning for you

What is a Sources Sought?

Market Research

Agency exploring what's available

Not a Solicitation

No contract awarded from this

Shapes the RFP

Your response influences requirements

Builds Relationship

CO knows who you are

Why Respond to Sources Sought?

- ✓ Get on the agency's radar before RFP drops
- ✓ Influence whether it's set-aside or full & open
- ✓ Understand what the agency actually needs
- ✓ Build relationship with the CO
- ✓ Position for teaming if needed

What Your Response Should Include

Always Include

- Company overview (1 para)
- Relevant capabilities
- Similar past performance
- NAICS, size, certifications

If Appropriate

- Questions for the CO
- Suggested approach
- Teaming interest
- Concerns about requirements

Sources Sought Response Template

RE: [Notice Number] - [Title]

Sources Sought Notice SS-2026-00123 - IT Support Services

Company Overview

[Company Name] is a [size/certifications] firm specializing in [services]. We have been providing [brief description] since [year].

Relevant Capabilities

We offer the following capabilities directly relevant to this requirement: [list 3-5 capabilities that match the notice]

Template (continued)

Past Performance

Contract 1: [Agency], [Brief Description], [\$Value]
Contract 2: [Agency], [Brief Description], [\$Value]

Business Information

DUNS: [number] | CAGE: [code] | Size: [Small/Large]
Certifications: [8(a), SDVOSB, WOSB, HUBZone, etc.]
Primary NAICS: [code] - [description]

Questions (Optional)

1. Will this requirement be set aside for small business?
2. What is the anticipated period of performance?

Common Mistakes to Avoid

- **✗** Treating it like a proposal (too long, too detailed)
- **✗** Not answering the specific questions asked
- **✗** Generic capabilities — not tailored to the notice
- **✗** Missing deadline (usually 5-14 days)
- **✗** Forgetting to include contact information

Write Your Sources Sought Response

Using the template, draft a response for one of these real notices:

Option 1: Find a Sources Sought in your NAICS on SAM.gov

Option 2: Use the sample notice in your handout packet

Time: 15 minutes to draft, then we'll review examples

SESSION 4

How to Qualify for Vehicles

Breaking Down Real Requirements

1:45 PM - 2:30 PM

Real Requirement Tear-Down: OASIS+

Let's break down what GSA actually requires

Requirement	What They Want	How to Get It
Relevant Experience	3 contracts in domain, \$1M+ each	Sub work counts if documented
Key Personnel	PM with PMP or equivalent	\$500 PMP cert, 3-month study
Quality System	ISO 9001 or CMMI Level 2	\$8-15K, 6-12 months
Accounting System	DCAA-compliant	\$3-5K setup with CPA

Live SAM.gov Demo

Let's find a real opportunity together...

SAM.gov Live Search

Pick an opportunity from the audience — we'll tear it down live

The Solopreneur Gap Analysis

Be honest — check what you have vs. what's required:

Requirement	You Have It?	How to Fill the Gap
3+ relevant contracts	✗ Most don't	Team with someone who does
PMP-certified PM	✗ Takes time	Hire PM as subcontractor
ISO 9001 / CMMI	✗ Expensive	Partner with certified firm
\$500K+ credit line	✗ Most don't	Teaming partner or factoring

Assembling Your Team

4 ways solopreneurs fill capability gaps:

Teaming Partner

Joint bid, share work 50/50 — they bring past performance, you bring niche skills

Consultant (1099)

Named key personnel — PM, technical lead, SME

Subcontractor

You're prime, they do specific tasks — must be in your proposal

Mentor-Protégé JV

Large business shares resources, you keep SB status

Real Example: How a Solopreneur Won OASIS+

Sarah — Cybersecurity Consultant, 3 years in business

 Didn't have: 3 prime contracts, ISO 9001, CMMI

 Did have: CISSP, 2 subcontracts (\$200K each), DoD clearance

Her Team Assembly:

- **Teaming Partner:** 8(a) firm with 5 IT contracts (shared past performance)
- **Subcontractor:** ISO-certified company for quality compliance
- **1099 PM:** Retired DoD program manager with PMP

Where to Find Team Members

SAM.gov Entity Search

Filter by NAICS + certifications — find complementary firms

PTAC / APEX Accelerator

Free matchmaking events, teaming databases

Industry Days

Primes actively seeking subs — bring your capability statement

LinkedIn

Search "government contractor" + your NAICS — DM BD leads

 Email **"TEAM"** to hello@govconedu.com → Get the Teaming Partner Checklist

Your Qualification Self-Assessment

Fill out the gap analysis in your handout:

Target Vehicle

e.g., OASIS+ Small Business, 8(a) STARS III, GSA MAS

Requirements I HAVE

✓ NAICS 541512 ✓ 2 subcontracts ✓ Security clearance

Requirements I NEED

✗ 3 prime contracts ✗ ISO 9001 ✗ PMP-certified PM

My Plan to Fill Gaps

15-Minute Break

Back at 2:45 PM for Task Orders

SESSION 5

Task Order Response Strategy

Win Work Under IDIQs

2:45 PM - 4:00 PM

Task Orders Are Different

Factor	Open Market RFP	Task Order
Timeline	30-60 days	2-4 weeks
Competition	Anyone can bid	Vehicle holders only
Pricing	Propose any rates	Use vehicle rates
Page Limits	Often 50+ pages	Often 10-20 pages

Where Task Orders Are Posted

- **SAM.gov** — under the parent contract number
- **GSA eBuy** — for GSA Schedule task orders
- **Agency procurement portals** — NASA SEWP, NIH NITAAC
- **Direct notification** — if you're on the vehicle

Pro Tip: Set up saved searches on SAM.gov with contract vehicle numbers

Task Order Response Framework

- | | |
|---|--|
| 1 Technical Approach
How you'll do the work | 2 Management Plan
Team, timeline, QA |
| 3 Past Performance
Similar work completed | 4 Pricing
Labor categories × hours × rates |

Pricing Under IDIQs

- Use labor rates from your vehicle contract
- Cannot exceed ceiling rates (but can go lower)
- Map PWS tasks to labor categories
- Include ODCs (travel, materials) if allowed

"Your rates are already approved — focus on showing the RIGHT mix of people for the work"

Teaming on Task Orders

As Subcontractor

- Find prime on the vehicle
- Offer niche expertise
- Build past performance
- Learn the process

As Prime

- Need full capability?
- Add subs for gaps
- Negotiate sub rates
- Manage the team

Build a Task Order Response

Using the template in your handout, outline a response:

Technical Approach (3 paragraphs)

1. Understanding of requirement
2. Approach/methodology
3. Key differentiators

Labor Mix

Program Manager: X hrs | Sr. Analyst: Y hrs | Jr. Staff: Z hrs

SESSION 6

ON vs. THROUGH Vehicles

Your Strategic Decision

4:00 PM - 4:45 PM

The Big Question

Get ON a Vehicle

Apply to become a prime contractor
on OASIS+, GSA MAS, etc.

Work THROUGH a Vehicle

Subcontract to someone who's
already on it

When to Get ON a Vehicle

- ✓ You have significant past performance to qualify
- ✓ You'll pursue enough task orders to justify the effort
- ✓ Your NAICS codes are a strong match
- ✓ You have bandwidth for the application process
- ✓ You want to prime, not sub

When to Work THROUGH

- ✓ You're still building past performance
- ✓ The vehicle application is closed or too competitive
- ✓ You want to test the market before investing
- ✓ Subcontracting margins work for your business
- ✓ You have a strong prime relationship

Subcontracting: The Money Reality

What primes actually pay subs (and what you keep):

Your Hourly Rate	Prime's Cut	You Receive	Notes
\$150/hr (your cost)	10-15%	\$127-135/hr	Standard sub markup
\$150/hr (your cost)	20-25%	\$112-120/hr	If prime manages you heavily
\$150/hr (your cost)	30%+	<\$105/hr	▶ Red flag — walk away

Rule of Thumb: If prime takes >20%, they better be providing significant BD, facilities, or clearances

How to Approach Primes

1 Research First

Know their recent wins, gaps in capability, current task orders

2 Lead with Value

"I can fill your [X] gap" not "I need work"

3 Bring a Specific Opp

"I saw [Agency] RFI — I can help you win this"

4 Have Your Docs Ready

Capability statement, rates, clearances, past performance

Best opener: "I noticed you won [contract]. I specialize in [niche] and could support your team on [specific task]."

Subcontract vs. Teaming Agreement

Factor	Subcontract	Teaming Agreement
When Used	After prime wins	Before proposal submitted
Binding?	Yes — you're doing the work	Usually non-binding intent
Rates	Fixed in contract	Negotiated later
Risk	Low — work is real	High — prime may not win
Past Perf Credit	Yes (as sub)	Only if you win

► Red Flags in Sub Agreements

Walk Away If:

- Prime takes 30%+ of your rate
- "Exclusivity" blocks other work
- No defined scope of work
- Payment terms >60 days
- They want your rates but no commitment

Good Signs:

- Clear work share percentage
- Net 30 payment terms
- Named in proposal as key sub
- Flow-down of prime's protections
- Right to negotiate task orders

Finding Prime Partners

- **GSA eLibrary:** Search by vehicle + NAICS
- **USASpending.gov:** See who's winning task orders
- **Agency small business offices:** They know who's active
- **Industry days:** Meet primes in person
- **LinkedIn:** Connect with BD leads at primes

Teaming Agreement Essentials

Scope of Work

Exactly what you'll do

Work Share

Percentage of work you'll perform

Rates

Your billing rates to prime

Exclusivity

Can you team with competitors?

Your 90-Day Vehicle Strategy

Days 1-30	Days 31-60	Days 61-90
Score vehicles from Session 2	Apply to top 1-2 vehicles	Pursue task orders
Identify prime partners	Sign teaming agreements	Submit responses
Respond to 3 Sources Sought	Follow up with agencies	Track opportunities

Q & A

Open Questions + Next Steps

4:50 PM - 5:00 PM

What to Do Monday Morning

- ✓ Finalize your vehicle scorecard — pick top 3
- ✓ Submit one Sources Sought response
- ✓ Research primes on your target vehicle
- ✓ Set up SAM.gov saved searches
- ✓ Schedule call with SBA PTAC for vehicle guidance

BEFORE YOU GO

Continue Your Journey

Don't do this alone

What Happens After Today?

Without Support:

- Notes gather dust
- SAM.gov overwhelms you
- Questions go unanswered
- You're alone in the journey
- 6 months later: same place

With Federal Help Center:

- Daily alerts find opportunities
- AI tools save hours of research
- Weekly Q&A answers questions
- Community of contractors
- 6 months later: bidding & winning

SALES TIERS

Offer Deadlines & Strategy

Internal Reference — Hard Closes

Sales Tiers & Deadlines

Tier	Price	Hard Close	Announce When
Pro Annual	\$799/yr	No hard close (evergreen)	"Lock in before price goes up Jan 1"
Inner Circle	\$2,997	Thu Apr 18 – 11:59pm ET	Announce at 3pm on event day, remind every 15 min
GovCon Accelerator	\$5,997	Thu Apr 18 – 11:59pm ET (or when 15 sell)	Same as Inner Circle — show live counter on screen

Why These Deadlines Work

Pro Annual (\$799)

Evergreen — keeps low-barrier money flowing after event

Inner Circle (\$2,997)

5.5 days post-bootcamp frenzy — maximum FOMO without dragging

Accelerator (\$5,997)

Scarcity is nuclear — people fight for last spots

15-Spot Cap

Live counter creates urgency — "Only 3 left!"

Key Dates: Bootcamp Mar 28 → Hard close Thu Apr 18 at 11:59pm ET
