

THE MINDY LAUNCH · JUNE 27, 2026

Mindy

**Every once in a while, a small
company
changes the game for everybody.**

And if you've followed GovCon Giants...
we've done it before.

2026

**A new revolution.
So we're going to do it **again.****

For 7 years, everything we built lived in four places.

do it

A channel. The courses. A network. A vault.

Are you getting it?

I'm not handing you **four things**.

We put all of it — and every one of those websites — into **one**.

Mindy

It doesn't just show you how. It does it **with** you.

BEFORE I SHOW YOU

The **big picture.**

Why this matters — and why nothing else does what Mindy does.

THE MISSION

Reverse the **shrinking** industrial base.

The number of small businesses winning federal work is collapsing.
Mindy exists to turn that around.

THE COLLAPSE

58,681

small businesses won a federal prime in FY2022

GOAL "MET" ≠ ACTUALLY SET ASIDE

SDVOSB	5%	5.14% ✓	6.09%

Agencies hit the dollar goals by crediting firms that win full-and-open.
Actually solicited as a set-aside? A fraction.

**When you see this,
there are **two** choices.**

Do something about it

**I chose to
do something about it.**

THE OPPORTUNITY · RULE OF TWO

When market research shows **two capable small businesses, it **must** be set aside.**

Mindy makes more of them **visible & capable.
